

# Scapple

Freeform notes on macOS | Windows

## Joined-Up Thinking

**scapple:** to work or shape roughly, without smoothing to a finish.  
— *The Chambers Dictionary*

If you have ever scribbled ideas onto a piece of paper and drawn lines between related thoughts, then you already know what Scapple does. It's a virtual sheet of paper that lets you make notes anywhere on the page and connect them using lines and arrows.

You can move notes around and customise their appearance using colours and borders. Connecting notes is as easy as dragging one note onto another. Scapple is an incredibly simple but powerful way of shaping your ideas.

The Scapple product page can be found here:

<http://www.literatureandlatte.com/scapple/overview>

## Getting Started

You can download Scapple for either macOS or Windows here:

<http://www.literatureandlatte.com/download?product=Scapple>

Please email [press@literatureandlatte.com](mailto:press@literatureandlatte.com) if you require a licence for review.

The best way to get up and running quickly is to read through the Quick Start Guide available from Scapple's Help menu. We also have a short video demonstrating how to use the macOS version here:

<https://vimeo.com/242045455>

## **Pricing and Availability**

- Scapple is available from our web store for \$18. Windows and macOS licences are sold separately.
- Students and academics can buy Scapple with a 15% discount.
- Scapple for macOS is also available on the Mac App Store.

## **About Us**

Literature & Latte is an independent software company founded in 2006 by writers for writers. Our headquarters are in Cornwall, UK, but our small team now spans the globe. Our aim is to bring together familiar writing processes in ways that aren't possible in the analogue world.

## **Press Kit**

For screenshots, application icons and branding graphics, please be sure to download the full press kit from <http://www.literatureandlatte.com/press-kit>.

## **Contact**

If you have any questions or need anything, please contact Julia at [press@literatureandlatte.com](mailto:press@literatureandlatte.com).

Should you write a review and have time to send us a link, we'd be very grateful.

## **Thank You**

Many thanks for your interest in Scapple!
